

Post-Task Questionnaire D

Reflecting on how you feel RIGHT NOW, after completing the task:

1. How much are you worrying about the number of errors you made?

not at all-----a moderate amount-----a lot
(1) (5) (10)

2. How much are you worrying about the number of times you responded slowly?

not at all-----a moderate amount-----a lot
(1) (5) (10)

Reflecting on how you feel DURING the task (not right now):

3. How much attention did you pay to responding accurately?

not at all-----a moderate amount-----very/a lot
(1) (5) (10)

4. How frustrated did you feel after making an error?

not at all-----a moderate amount-----very/a lot
(1) (5) (10)

5. How anxious did you feel after making an error?

not at all-----a moderate amount-----very/a lot
(1) (5) (10)

6. How much attention did you pay to responding quickly?

not at all-----a moderate amount-----very/a lot
(1) (5) (10)

7. How frustrated did you feel after making a slow response?

not at all-----a moderate amount-----very/a lot
(1) (5) (10)

8. How anxious did you feel after making a slow response?

not at all-----a moderate amount-----very/a lot
(1) (5) (10)

Out of all trials on the task:

9. How many do you think were errors?

none-----50%-----100%
(0) (50) (100)

10. How many do you think were slow responses?

none-----50%-----100%
(0) (50) (100)

11. Compared to others, how many more/fewer errors do you think you made?

many fewer-----about the same-----many more
(1) (5) (10)

12. Compared to others, how much more/less frequently do you think you responded slowly?

much less frequently-----about the same-----much more frequently
(1) (5) (10)
